Notwithstanding the above and regardless of your reference currency/base currency, any incoming transfer of funds to your Cash Account which is not in a currency supported by that Account will automatically be transferred to your EUR sub-account and will generate a foreign exchange transaction into EUR.

Your Cash Account pays interest according to currency and the amount held in each sub-account. Interest is calculated and paid monthly or quarterly, with the first quarter commencing January 1st in each calendar year. The applicable rates from time to time in force are detailed on the Website and any changes will be communicated to you by an appropriate Communication Method.

Funds transferred will be automatically credited to the Account specified by you. Cash transferred out will be automatically debited from the Account specified by you, provided that sufficient cash is available for executing the transfer.

We, in our sole discretion, may allow you to go into debit on the Cash Account in certain circumstances. Any such facility given does not imply any obligation to do so in the future.

Notwithstanding Clause 4, we charge interest on debits of cash currency sub-accounts, regardless of the overall net value of your Cash Account and without any formal notice. The debit interest rates are posted on the Website. We may vary the debit rates in light of variations in the money market. We shall inform you of any change in these rates by an appropriate Communication Method and/or by publishing the change on the Website. Interest accrued on the debit balance of a Cash Account shall, within the limits of the Luxembourg Civil Code, be capitalized every 3 (three) months.

We shall set interest rates by reference to the prevailing market conditions and bank/broker customs in Luxembourg. This provision does not authorise you to have any debit balance on any of your Accounts. In calculating interest rates, we shall take into account the value dates (which may differ according to whether they relate to incoming funds or withdrawals), in accordance with any special terms and conditions and with banking practice.

Our acceptance of fund transfers through any means will be at our sole discretion provided that we will at all times act in accordance with all applicable laws and regulations. You shall be responsible for the monitoring of the balances of your Accounts, including cash sub-accounts.

We shall not be liable in the event of any difficulty attributable to the faulty operation or improper configuration or general use of a computer by you, nor in the event that the computer hardware used by you is not powerful enough.

You shall be responsible for any dispute which may arise between you and any public telecommunication service(s) or private telecommunication companies, or between you and any internet service provider or any other intervening party, either concerning the confidential nature of the message transmitted or the cost of the transmission or the maintenance of telephone lines.

12. Pledge of Securities and Cash

In order to secure the payment of all amounts at any time owing by you to us, all Securities, cash and other property at any time (now or in the future) held by you with us or held by us for your account, are irrevocably pledged in our favour. This pledge is first ranking (*gage de premier rang*) and shall constitute an indivisible security right and shall extend to any cash, moneys and deposits as well as Securities held on account opened with us. We, at your cost, may take all steps that we (acting reasonably) deem necessary to ensure full effect of the pledge and may enforce the pledge in the most favourable manner to us in accordance with the applicable provisions of Luxembourg Act of 5 August 2005 on financial collateral arrangements (as amended from time to time) (the "Collateral Act") and without any prior notice being required from us. We may also designate the manner of sale and the public official, qualified agent or nominee who shall perform it.

You shall notify any relevant third party of the above pledge insofar as such notification is required by law and you shall not grant rights over the assets mentioned above to any third party without our prior consent.

Without prejudice to the above, if the pledge consists of Securities quoted on a stock exchange or traded on a regulated market open to the public, we may in the case of enforcement and without limitation:

- appropriate such Securities at the last market price of the trading day prior to the date of enforcement of the pledge; or
- sell them or have them sold on the stock exchange at the ruling price as quoted on the principal market for such Securities through an approved person or a public official whom we shall designate.

Without prejudice to the above, if the pledge consists of Securities which are not quoted on a stock exchange or traded on a regulated market open to the public, we may:

- appropriate such Securities at the price determined by an independent auditor (*réviseur d'entreprise agréé*) registered with the Luxembourg Institute of Chartered Auditors whom we shall designate at your costs; or
- sell them or have them sold in a private transaction at normal commercial conditions or by means of public auction held by an official designated by us at your costs.

We shall be entitled, in accordance with the provisions stated above, to apply the appropriation of any sale or other disposition of the Securities to satisfy and set-off against all or any part of obligations owed by you against us.

Subject to being duly notified of a third party pledge over accounts opened with us by any Customer, we may acknowledge within one (1) business day the creation of any such third party pledge and record that third party pledge in our books, subject to the payment of a fee to be applied in accordance with the provisions of the Commissions and Fee Schedule.

13. Margin Trading

We may, in our sole discretion, offer you credit under the Margin Trading product (the "Credit"). The Credit shall be guaranteed by pledging the assets on your Account(s), including those held in any Joint Accounts of which you are a holder.

The granting and maximum value of the Credit is determined according to a separate agreement and is based on the value of the assets deposited and of your planned investments, the type of assets pledged being valued on the basis of their volatility, the risks attached thereto and the diversity of your portfolio.

The Credit is granted in the form of a line of credit on a Cash Account, which can only go into debit up to a maximum value. Interest charged on the Credit is payable quarterly and shall be charged on the basis of the daily LIBOR 3-month rate (or EURIBOR 3-month rate for the euro) plus a margin depending on the currency of the Credit granted. Please see our Commission and Fees Schedule for further information on this point.

Interest which is due and payable shall be debited from the Cash Account. Interest is calculated in accordance with the exact number of days elapsed and based on a 365-day year. Each day we calculate the value of your portfolio and verify that the debit position of the Cash Account is not higher than this value. The credit value of the portfolio is constituted by the sum of the value of each Security position, as at the day before, multiplied by the weighting factor given to each Security (defined in accordance with its nature, volatility and liquidity). The maximum value of authorised credit may not exceed the value of your portfolio.

We routinely evaluate instrument margin requirements and retain the right to amend these at any time which could reduce or withdraw the agreed authorised credit.

We may (in our sole discretion or at any time when we deem that the market environment or the value or quality of the Securities pledged has sustained or will sustain deterioration) terminate or reduce the Credit, or sell any or all of the Securities pledged and use the cash proceeds as further assets pledged as collateral for the Credit provided that we will at all times act in accordance with all applicable laws and regulations. We shall have the right to reduce the Credit or to terminate it with immediate effect and to demand the immediate reimbursement of all sums you owe to us in the following cases:

where the rate of the pledged assets to the Credit decreases to below the authorised value and there is no response from you or you refuse to supply any requested additional guarantee, or if the value of the pledged assets decreases after you have been notified that the margin call and before the expiry of any required coverage period;

where there is a substantial economic and financial deterioration which endangers the normal functioning of the markets by reducing the Securities held by you to an almost zero value;

an unauthorised overrun of the Credit;

if any conditions relating to the granting of the Credit are not met (for example the quality of the Securities purchased or pledged is insufficient, concentration of the value of the portfolio in a small number of Securities, or an absence in diversification of the portfolio);

if the funds from the Credit are used (in whole or in part) for purposes other than the purchase of eligible pledged assets;

if you give inaccurate or incomplete information to us as part of the Credit application;

any breach by you of these Terms;

if facts or events are revealed which raise doubts as to your solvency;

in the event of your death; or

if a legal, regulatory or administrative provision (or the interpretation thereof) of any competent authority means that the continued performance by us of our obligations directly or indirectly causes an increase in the cost or a reduction of the income relating to the provision of the Credit .

If the Credit is reduced or terminated for one of the above reasons (other than for the circumstances in Clause 13.5(i)) and the sums which have become payable are not paid then these shall incur interest at the applicable interest rate plus the overrun rate in force.

We may unilaterally realise any assets pledged in order to repay the Credit if you fail to repay the Credit upon demand. Our failure to do so does not create any right in your favour and does not in any way prejudice our right to terminate the Credit at any time with immediate effect.

Except if otherwise expressly specified on a case by case basis, all the Margin Trading products will benefit from a tacit renewal on each anniversary date if not terminated before In accordance with the termination rules as specified for each product.

- seek the restriction of the processing notably when the accuracy of the data is contested or when the processing is not or no longer compliant with applicable law and the Customer or the Related Individual has objected to the erasure of the data. Such restriction will result in the personal data being, with the exception of storage, only processed with the consent of the Customer or of the Related Individual or for the establishment, exercise or defense of our legal claims or for the protection of the rights of another natural or legal person or for reasons of important public interest of the European Union or of a Member State.

We reserve the right to modify, at any time, your Customer profile following any change to the information provided.

You may refuse to provide such personal data to us. Failure to communicate such data and our subsequent inability to use data processing techniques will be an impediment to the creation of a relationship or the maintenance of an existing relationship with us as well as to the provision of certain products and services to you. Depending on the data, providing it to us may constitute a legal or a contractual requirement or may be required to receive certain products and services.

17.7. Data relating to Related Individuals

For the avoidance of doubts, we or, when acting as data controller, Interactive Investor may collect and process personal data of any Related Individuals for the same purposes and according to the same terms and conditions as those discussed in this Clause 17. The Customers warrants that:

- personal data has been obtained and processed and is disclosed by the Customer in compliance with applicable data protection and privacy laws;
- Customer shall not do or omit to do anything affecting the compliance of such disclosure of personal data with applicable law as well as anything that would cause us to be in breach of applicable data protection and privacy laws;
- without limiting the foregoing, Customer shall provide, before the personal data is processed by us, all necessary information and notices to the Related Individuals, in each case as required by applicable law.

The Customer will indemnify and hold us harmless for and against all financial consequences arising from any breach of these warranties.

For the execution of payment orders, Customers must indicate the account number in the IBAN format.

The execution of payment orders for which the account number is indicated in a format other than IBAN or for which the account number does not exist in the IBAN format requires the indication of the BIC (SWIFT) code of the beneficiary bank or other information allowing that bank to be identified. Customers are responsible for the information provided. This may cause the execution to take longer and result in additional fees, in accordance with the rates in effect.

2. Receipt of payment order

Unless there is a provision to the contrary in the special conditions of the Payment Instrument or the rates applicable to it, payment orders are considered received by us on the same day (if they have been transmitted before the communicated time limit) or the first Bank Working Day thereafter if they have been transmitted after the time limit or on a bank non-working day.

3. Execution time for a payment order

The execution date is the date on which your Account is debited. The execution time is the time necessary to credit the funds on the account at the beneficiary's bank. It runs from the date of receipt of the order or from the execution date indicated by you, always provided that the latter falls after the date of receipt. We shall ensure that the amount of the payment transaction is at the Customer's disposal immediately after that amount is credited to the Customer's account where, on our part, there is (a) no currency conversion or (b) a currency conversion between the euro and a Member State currency or between two Member State currencies.

For payment orders in EUR and in national currencies of European Union Member States outside the euro area, as well as for payment orders involving only one currency conversion between EUR and such national currency (provided that the currency conversion takes place outside the euro area and, in case of cross-border payment transactions, the transfer takes place in EUR), the maximum execution time is 1 (one) Bank Working Day following receipt of the payment order. The execution time may be one day longer if the payment order is transmitted to Internaxx Bank S.A. on paper.

For all payment orders other than those mentioned under Clause 22.3(b) and which take place within the Member States of the European Union, the maximum execution time is 4 (four) Bank Working Days from receipt of the order.

For all other payment orders, the maximum execution time may be more than 4 (four) Bank Working Days from receipt of the order.

4. Refusal to execute a payment order

We may refuse to execute a payment order for any valid reason such as when there are insufficient funds in the account to be debited at the date of receipt. We reserve the right to charge a fee for notifying you of our refusal to execute the order. A refused payment order is deemed not having been received. Please be aware that we are not under a duty to notify you of any refusal where such notification would be unlawful.

In the event the payment order is executed even though there are insufficient funds in the account then the provisions of Clause 12 shall apply.

If a payment order is refused by us it is deemed not to have been received by us in respect of expected execution times or non-execution.

Customers will bear the consequences of delays or of the non-execution of the payment order.

5. Conditions for revoking a payment order

Payment orders may not be revoked once they have been received by us.

Payment orders for which you have indicated an execution date later than the date of receipt of the order may be revoked no later than the Bank Working Day preceding the execution date. This is also the case for payment orders initiated by the creditor in connection with a direct debit.

We may charge fees for revoking a payment order according to the rates in effect.

6. Contesting an executed payment order

6.1 Notification of unauthorized or incorrectly executed payment order

All queries of an executed payment order must be addressed to Internaxx Bank S.A. in writing.

For payments in the EEA in EUR or the currency of a Member State, the Customer shall inform Internaxx Bank S.A. without undue delay on becoming aware of any unauthorized or incorrectly executed payment transaction, and in any case no later than thirty (30) days after dispatch of the statements of account, unless we have failed to provide or make available the information on that payment transaction.

The Customer will have 13 (thirteen) months from the date his Account is debited to contest the payment.

The Customer has no right to request that we rectify the transaction in case of failure by the Customer to notify us within the delays and forms.

For payments outside the EEA or in any other currency, the Customer must contest the payment as soon as he notices the error and no more than thirty (30) days after dispatch of the documents and statements of account.

6.2 Evidence on authentication and execution of payment order

Where the Customer denies having authorized an executed payment transaction or claims that the payment transaction was not correctly executed, it is on us that fell the burden to prove that the payment transaction was authenticated accurately recorded, entered in the accounts and not affected by a technical breakdown or some other deficiency of the service provided by us.

Where a Customer denies having authorized an executed payment transaction, the use of a Payment Instrument recorded by us shall in itself not necessarily be sufficient to prove either that the payment transaction was authorized by the Customer or that the Customer acted fraudulently or failed with intent or gross negligence (faute lourde) to fulfil one or more of its obligations. We shall provide supporting evidence to prove fraud or gross negligence (faute lourde) on part of the Customer.

7. Customer liability

A payment order executed according to the indicated account number is considered properly executed as regards the designated beneficiary. If the account number indicated by you does not correspond to the

designated beneficiary, you shall be liable for the incorrect execution of the payment transaction and shall bear any financial loss. This is also the case for payment transactions outside the European Union where the account number or any other information you provide for the purpose of identifying the beneficiary does not correspond to the beneficiary. We will, at your request, use reasonable efforts to recover the funds paid out but we have no obligation to successfully effect such recovery. We reserve the right to charge you search and recovery fees according to the rates in effect.

8. Our liability

In the event of an unauthorized payment transaction or where the incorrect execution of a payment transaction is attributable to us, we shall immediately reimburse you the amount of the unauthorised transaction following the customary verifications and, if necessary, restore the debited Account to the state which it would have been in had the unauthorised transaction not taken place.

23. Rectification of errors

You shall notify us of any error(s) contained in trade confirmations, statements of account and other documents we provide to you. Subject to Clause 22.6 (Execution rules for payment order - contesting and executed payment order), unless a written complaint is lodged within 30 (thirty) days of dispatch of the documents and statements of account, the information contained therein is deemed correct, excepting any obvious material error, and you shall be deemed to have approved the documents and statements in question.

When we have erroneously debited or credited your Account, we will, on request, make immediate efforts to trace the payment transaction and notify you of the outcome. We will immediately rectify the material error caused by us by crediting or debiting the Account by the corresponding amount without charge.

24. Proxies and powers of attorney

Unless expressly stipulated otherwise, the powers of attorney granted by you to us or to third parties with regard to relations between you and us shall lapse upon your death. They shall remain valid until revoked by you or until the occurrence of any other event that terminates the proxy, such event being duly notified to us by registered letter. We shall not be liable for operations carried out in accordance with the proxy before receipt of the notification of termination as foreseen in the preceding sentence.

25. Conflicts of interest

All reasonable steps have been taken to identify potential situations of conflicts of interest that could arise in the course of providing the Services between Customers' interests and ours (including our managers, employees, tied agents, or any person directly or indirectly linked to us by control) or between the interests of one Customer and other Customer. A summary of our conflicts of interest policy is available on our Website.

Without limiting the divulgation of any Information as may be authorized by any applicable law, Luxembourg credit institutions and professionals of financial sector which are part of a financial group or financial conglomerate may provide access to the information relating to specific business relations to the internal control bodies of such financial group, to the extent that such information is necessary for its global management of risks, or to entities within a same financial conglomerate

for information that may be exchanged between such entities and the European supervisory authorities.

Personal information communicated for the purposes of fund transfers are processed by us and by other specialised companies (such as SWIFT (Society for Worldwide Interbank Financial Telecommunication)). This processing may be done through intermediaries in European countries and countries such as the United States of America which may not provide for an adequate level of data protection, operating in accordance with local laws. As a result, the authorities of these countries, notably the United States, may request access to personal information stored in processing centres (for example, as part of their counter-terrorism practices). By ordering us to execute a payment transaction you agree that all the necessary data for the proper execution of the transaction may be processed outside of Luxembourg.

We may communicate to a beneficiary of a transfer the IBAN account number and the name and address of the Customer who has initiated the transfer.

You are made aware that you accept and undertake to inform us whether you are or when you become a U.S. taxpayer within the U.S. tax rules, more particularly under the U.S. Internal Revenue Code, the "Foreign Account Tax Compliance Act" (FATCA), the inter-governmental agreement as entered into by the United States of America and the Grand Duchy of Luxembourg on 28 March 2014 (the "IGA") and implemented in Luxembourg by a law dated 1 July 2015 and any amendment to the aforementioned legislation, any additional legislation to or replacement legislation of the aforementioned legislation.

CRS

The Common Reporting Standard ("CRS") has been implemented at European Union level through the directive on administrative cooperation (Directive 2014/107/UE), known as ("DAC 2"). Relationship with non-EU countries are ruled by mean of multilateral agreements. Luxembourg, as a European Union member state, has implemented the "DAC 2" and CRS in his national legislation by the Law of 18 December 2015 (the "CRS Law").

The CRS requires Luxembourg Financial Institutions to collect and report to the Luxembourg tax authorities' information on financial accounts held, directly or indirectly, by account holders that are tax residents in a CRS jurisdiction. The Luxembourg tax authorities will in turn communicate this information to the tax authorities of the account holder's countries of tax residence(s).

For the purpose of identifying CRS-jurisdiction residents, we are entitled to obtain a self-certification from you. Among others, self-certification information must include the country/ (ies) of tax residence and the tax identification number(s).

You are aware of our obligation and agree to provide us with a signed and dated self-certification in order to certify your tax status and provide the information required by the CRS Law. You acknowledge that the information subject to be exchanged may include (but not only) name and address, jurisdiction of tax residence, tax identification number, place and date of birth or incorporation, account number, account balances, gross proceeds generated by the assets held in the account and payments made from the account.

You acknowledge that unresolved situations may give rise to undocumented account and/or closed accounts reporting to the tax authorities.

We cannot under any circumstances be liable for any losses or adverse consequences resulting from a failure to make a declaration, from a false or erroneous declaration by you and/or any reporting of relevant data related to you and your account(s).

You hereby declare, accept and undertake to indemnify us from any losses that might arise due to such causes.

32. Governing Law and Jurisdiction

Unless expressly agreed otherwise, these Terms and the agreement between you and us shall be subject to the laws of the Grand Duchy of Luxembourg. The courts of Luxembourg-City, Grand Duchy of Luxembourg shall have exclusive jurisdiction in any dispute between us. The foregoing is without prejudice to mandatory provisions of conflicts of laws that would result in the application of the law and/or the competence of the courts of a different jurisdiction.

PART II. Securities and Investment Funds Custody and Trading Terms and Conditions

Any terms defined in our General Terms and Conditions shall have the same meaning in these Securities and Investment Funds Custody and Trading Terms and Conditions.

1. Custody Account

Customers' Securities will be held in a Custody Account. Unless otherwise agreed, Securities shall be deposited in a fungible manner. As a consequence, we shall only be obliged to return to Customers those Securities of the same type but not bearing the same numbers.

We have total discretion with regard to the Securities we accept into the Custody Account. If accepted into the Custody Account, Customers may trade those Securities only after having carried out normal procedures of verification and clearance. Deposited Securities must be of good delivery - they must be authentic, in good material condition, complete with all coupons yet to mature and not subject to stop payment, forfeiture nor sequestration anywhere.

We may choose not to accept Securities in physical form (i.e. certificates), and generally operate on a nominee basis where our nominee holds your Securities in our name on your behalf. We will not issue physical certificates for the Securities held in the Custody Account, even if those Securities have been deposited in physical form.

You may not sell a security on a stock exchange or any other market different from that on which you purchased that security.

We are authorized, on behalf of and at the risk of Customers, to place Securities deposited in the Custody Account with custodians and/or centralized securities depositories chosen by us in Luxembourg or abroad. Deposits abroad are subject to the laws, custom and practice of the place of deposit. When we (or a third party depository) holds the Securities of a Customer on a Custody Account subject to a foreign law, the rights of Customers relating to the Securities deposited on that Custody Account may differ from those rights under their national law. When Securities of Customers are held by a third party depository, that third party depository may not be able under local law to separately identify Customers' Securities from its own proprietary assets or from our proprietary interests. In such case, in the event of a default or insolvency of the third party depository, if there is a shortfall in the total assets held, Customers are at risk of not recovering all of their assets.

In that event, our responsibility shall be restricted to selecting and instructing with due care, the third party depository it has appointed. Deposits abroad are subject to the laws, custom and practice of the place of deposit.

If a Customer gives an order for the transfer of Securities (be they in physical or in dematerialised form) to us in accordance with the procedures determined for such purposes by us, in particular by using a Securities transfer order form to be duly filled in and signed by the Customer, the Customer, by signing the Securities transfer order form, instructs, authorizes and mandates us to disclose and make available any information (including in particular information on the Customer's name, address, transaction information related to the Securities transfer and the nature of the relationship with us) to the below listed recipients for further processing under their control to the extent and as long as this is necessary for the purpose of executing the Securities transfer order:

Customer's bank or broker indicated in the Securities transfer order form, the executing broker which we use for carrying out the Securities transfers as well as any custodians, sub-custodians or other intermediaries used by the broker when assisting Internaxx Bank S.A. in carrying out the Securities transfer, the central securities depository relevant for the Securities transfers and/or a clearing and settlement system in which the executing broker or their custodian is a direct clearing member (e.g. Euroclear UK & Ireland Limited, The Depository Trust Company or any successor thereof), the issuer and its registrar and transfer agent(s) in case the Securities to be transferred are registered securities, the Securities transferee and the transferee's custodian, including any sub-custodians or intermediaries used by them, a communication medium belonging to or used by any of the before-mentioned disclosure addressees, such as SWIFT.

The Customer waives, to the extent necessary, any confidentiality or secrecy obligations that we may have for the purpose of allowing such disclosure or making available by us to these disclosure recipients for the purpose of and to the extent necessary for executing the Securities transfer order.

The Customer acknowledges and accepts that the above disclosure may entail their personal data, their relationship with us or the Securities transfer being stored in central data banks of the above disclosure

recipients. Such data banks may, as the case may be, be operated by other entities used by the relevant disclosure recipient and may be located outside of Luxembourg. Customers are informed, acknowledge and accept that due to the fact that the relevant information is transferred electronically and made available outside of Luxembourg the same level of confidentiality and the same level of protection in relation to data protection regulations as currently in force in Luxembourg may not be guaranteed while such information is transferred and stored abroad. Consequently, information thus stored may be disclosed to authorities of the country of storage or courts pursuant to that country's legislation.

We undertake to use reasonable endeavours to carry out orders for the transfer of Securities in accordance with the instructions given by Customers and in conformity with the laws, custom and practice of the place or places where such orders are executed.

We will use reasonable endeavours to inform Customers about any rights issue, calls, conversion, subscription or redemption rights and takeover or other offers arising from capital re-organisations (a "Corporate Event") attaching to Customers' Securities unless we consider it impractical to do so. If a Customer instructs us within such period as we specify that it wishes to exercise any rights arising out of a Corporate Event and provide there are sufficient cleared funds in the Customers' Account(s), we will use reasonable endeavours to give effect to the instructions but only on such terms as the Customer advises and are reasonably acceptable to us. Otherwise, we will take such action, or refrain from taking any action, as we, in our reasonable discretion, determine.

The Customer shall be responsible for making the decision to take up any rights arising from a Corporate Event. Our responsibility in respect of a Corporate Event is providing the information in relation to the Corporate Event and carrying out the Customer's reasonable instructions as set out in these Securities and Investment Funds Custody and Trading Terms and Conditions. In particular if a right arising from a Corporate Event that is not exercised can be sold for gain, the Customer is responsible for making the decision to sell such rights and giving that instruction to us. Our Services do not include any automatic sale of unexercised rights. We shall not be liable for any losses resulting from the Customer's failure to give instructions to us in relation to a Corporate Event.

We shall not be obliged to arrange for Customers to attend shareholder meetings or unit holder meetings and to vote in person or to instruct how our nominee should vote on Customers' behalf, unless the Customer provides us with written instructions. Upon receipt of these instructions, we shall use reasonable endeavours, where possible, to make appropriate arrangements subject to such undertakings being in the manner and within the timescales it may impose.

In cases of delivery/notifications of Corporate Events, the involved clearing and handling parties or correspondents ours are responsible for their due and complete information. Customers acknowledge that our responsibility is limited only to passing on such information received to Customers on a best effort basis and according to market practices. Any action resulting from the realization/execution of Corporate Events, will be handled/reflected by us on Customers' accounts according to the delays and conditions as they are imposed by the involved clearing and handling parties to us.

We shall not be obliged to notify Customers or act upon any corporate event until the relevant investments are registered in the name of our nominee.

Where a Corporate Event results in a fractional entitlement to part of a share, we will sell such fractional shares and credit the Customer's Account with a cash value, which may be subject to a minimum charge for administration. Details of this charge are set out in the Commissions and Fees Schedule.

We charge account maintenance fees which in part are in relation to the Securities deposited in the Custody Account. Such fees shall be debited periodically from the Customer's Cash Account without further notification. The amount of the account maintenance fee charged may vary. Details of this charge are set out in the Commissions and Fees Schedule.

We are entitled to debit from the Cash Account, as payment for the Services, a commission in an amount which varies with regard to the nature of the operation.

Investment in certain Securities requires, pursuant to the legal or regulatory provisions, the transfer of data concerning the holder and/or effective beneficiary of these instruments to national or foreign supervisory authorities. If investing in this type of Securities, the Customer agrees to comply with these provisions and gives us mandate to make the legally required declarations.

Any fees or charges levied by third parties in the course of handling dividends and distributions shall be borne exclusively by Customers.

In the event that any such fees or charges are levied on us, the amount so levied will be deducted from the dividend or distribution, or the Customer's Account.

In cases of a scrip dividend being offered, we will elect to take the cash alternative except where the Customer requests otherwise and we, in our absolute discretion, agree to take shares. We shall be under no obligation to apply for the scrip alternative until the relevant investments are registered in our nominee; there may be occasions when we are unable to accept the scrip option due to time constraints imposed. Where this is the case, Customers will receive the default option of cash.

If we receive a payment for a tax adjustment of a dividend relating to an investment we will credit the Customer's Cash Account with the payment subject to a minimum charge for administration, more details of which are set out in the Commissions and Fees Schedule.

2. Orders

In compliance with Clause 21 of the General Terms and Conditions, we shall use reasonable endeavours to carry out orders for the purchase or sale of Securities in accordance with the instructions given by the Customer and in conformity with the laws, custom and practice of the place where such orders are executed. We shall not be liable for any loss or expense incurred by Customers as a consequence of (i) our being unable to execute the order for any reason whatsoever, except gross negligence (*faute lourde*) or willful misconduct (*faute intentionnelle*) on its part or (ii) a delay or change in market conditions prior to the closing of the relevant transaction. Once given, orders for immediate execution are irrevocable, unless, prior to execution of the relevant order, the customer receives notice from us of any amendment to the conditions of such order or of the cancellation of the relevant order.

Orders not bearing an expiry date remain valid only during the day they have been placed in the relevant market, or in the event they were placed after the market closed, the end of the next trading session. Orders given by Customers for an undetermined period ("good until cancelled") remain valid as determined by the rules and practices of the relevant market; however, they shall ultimately expire at the end of the calendar year during which they were given.

The Customer accepts the risk that orders may be filled out prior to cancellation taking place. Trades placed by us on a Customer's behalf on all markets are executed via a third party and as such are subject to their service levels. As a result, late reported trades may be booked to the Customer's Account at any time prior to the start of the next trading session. It is possible that an order that has been confirmed as 'cancelled' or 'expired' may be subject to a late reported fill, of which Customers fully accept the risk, except in the case of our gross negligence (*faute lourde*) or willful misconduct (*faute intentionnelle*).

Since any orders received by us are executed on receipt, the Customer acknowledges that there may be a delay in the execution of an order. In particular, any order received at a time when the relevant stock exchange is closed shall not be executed until such exchange next re-opens. In relation to any orders received by us at the closing time of an exchange, Customers acknowledge that such orders may be executed at a price different from the price that was applicable at the order time.

Customers acknowledge that we will conduct any foreign exchange that is necessary to carry out Customers' instructions. Customers agree that they will bear all the risks related to those foreign exchange transactions.

For all foreign exchange transactions, Customers acknowledge that the foreign exchange rates may vary between transaction order time and execution time, and that the total value of the transaction may therefore be affected.

Purchase and sale of funds distributed through Services

We shall not bear any liability with respect to the performance of the funds distributed through its Services. Whilst we provide reasonable effort to offer high quality funds, Customers acknowledges that the net asset value of the held funds may be subject to fluctuations in the market, in foreign exchange and to investment decisions taken by the fund.

Customers are deemed to have taken notice of any relevant information on the funds, including fees and expenses, by reading the prospectus published by the fund, and that they/ she shall only purchase such funds that they/ she is allowed to purchase and that fit their investment profile. We shall not bear any liability with respect to any information provided by the fund, and the provision of such information shall not be considered as an incentive to buy or as an investment advice.

The purchase of funds is dependent on both internal organizational procedures and the accessibility of third party providers. We shall not be held liable for any fluctuation in the unit prices of investment funds, which are likely to arise due to a significant time lag between purchase by Customers and order confirmation by the fund.

In case we have any reasonable doubts with respect to the provenience and the accuracy of the order, we shall either be entitled to refuse the execution of the relevant order, or to request further information by appropriate means; this shall also be valid in case we have reasonable indications that the order or transaction infringes any applicable legal or regulatory requirements.

Customers are responsible for selecting the settlement currency of their trades for each Securities transaction.

Trading will normally only be processed if sufficient funds, covering the price of the security, the commission fee and any other charge that may be incurred, are available in the Customer's Cash Account. We only take into account funds that have been cleared for trading. If the currency sub-account which a Customer wants to use to settle a trade is insufficiently funded, we have the right to refuse all or part of that trade. Exceptionally, some market orders may be subject to spreads which, after execution, may alter a contract size and consequently resulting in a net debit balance on the Cash Account. We can, in our sole discretion, accept a debit position resulting from such transactions, though this situation is to be settled as soon as possible following the transaction date. Customers remain responsible to fund this Cash Account. Notwithstanding the preceding sentence, and subject to our discretion, we may take into account any other funds that are available in the other currency sub-accounts for the determination of the Customer's total asset value with us. Customers will be responsible to refund the currency sub-accounts that are in debit, either through a foreign exchange transaction from another subaccount or through an injection of funds from an external source or from another Account.

In case of currency imbalances, we reserve the right to execute a corrective FX transaction to reduce debit interest incurred on cash sub-account(s), or to amend the reference currency to avoid future imbalances.

3. Statements

Any transaction concerning the Cash Account or Custody Account initiated through the Services will be accounted for in periodic statements which will be made available via our secure website. Unless a complaint is lodged by written mail within 30 (thirty) days of dispatch of the documents and statements of account, the information contained therein shall be deemed correct and accepted by Customers, except for any obvious material error.

We may at any time rectify any material errors we may have made.

4. Miscellaneous

If at any time any provision of the agreement between the Customer and us under the Terms (the "Agreement") is or becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions of the Agreement under the law of that jurisdiction nor the legality, validity or enforceability of such provision under the law of any other jurisdiction shall be in any way affected.

We shall not be liable to Customers for any failure, hindrance or delay in performing our obligations under the Agreement where such failure, hindrance or delay arises directly or indirectly from circumstances beyond our reasonable control. Such force majeure events shall include without limitation any technical difficulties such as telecommunications failures or disruptions, non-availability of the Website (e.g. due to maintenance downtime), declared or imminent war, revolt, civil unrest, catastrophes of nature, statutory provisions, measures taken by authorities, strikes, lock-outs, boycotts, or blockades, notwithstanding that we are a party to the conflict and including cases where only part of our functions are affected by such events.

Furthermore, we are entitled, in our reasonable opinion to determine that an emergency or an exceptional market condition exists. Such conditions shall include, but are not limited to, the suspension or closure of any market or the abandonment or failure of any event to which we relate our quote or the occurrence of an excessive movement in the level of any margin position and/or underlying market or our reasonable anticipation of the occurrence of such a movement. In such cases, we may increase our margin requirements, close any or all of Customers' open margin position and/or suspend or modify the application of all or any of the terms of the Agreement, including but not limited to, altering the last time for trading a particular margin position, to the extent that the condition makes it impossible or impracticable for us to comply with the term in question.

The rights and remedies contained in the Agreement are cumulative and not exclusive of any rights or remedies provided by law.

No delay or omission on our part in exercising any right, power or remedy provided by law or under the Agreement, or partial or defective exercise

thereof, shall: impair or prevent further or other exercise of such right, power or remedy; or operate as a waiver of such right, power or remedy.

No waiver of any breach of any term of the Agreement shall (unless expressly agreed in writing by the waiving party) be construed as a waiver of a future breach of the same term or as authorizing a continuation of the particular breach.

Customers hereby ratify all transactions with us effected prior to the Customer's acceptance of the Agreement and agree that the rights and obligations of Customers in respect thereto shall be governed by the terms of the Agreement.

We or third parties may have provided Customers with translations of the Agreement. However, in case of discrepancies the English version shall prevail over any other version.

PART III. Additional Terms and Conditions Applicable to Smart Portfolios

In these Terms the following words shall have the following meanings:

"Smart Portfolios" means the Service We provide to you of purchasing regular investments in a selected Security

"Account" means a Smart Portfolio Account held by a Customer with Us in connection with the Services.

"Internal Transfer" means the transfer of cash from one account to another account, where both accounts are held with us, and by the same account holder.

"Trade Date" means the date each month on which we will submit Orders to Invest or Redeem trading positions.

"Last Funding Date" means the date by which We must have received your funds if you wish for them to be invested on the next "Trade Date".

"Product Switches" means the process of transferring your investments from one Security to another.

"Redemption" means the process of raising funds by selling your investments. This will usually be accompanied by a bank transfer request.

"Administration Fee" means the periodic fee we charge to your Account associated with the transactions in selected Securities.

Any other terms defined in our General Terms and Conditions shall have the same meaning in these Terms and Conditions.

The terms above this section apply unless otherwise stated. Smart Portfolio services will be only delivered in English language.

If We feel you are not using the Account for its intended purpose, we may contact you to discuss and we may, at our sole reasonable discretion choose to close your Account.

Smart Portfolios are designed to enable you to regularly purchase, once per month, units into your preferred Security, from a pre-selected list of Securities. Only your selected Security may be held in the Account.

We are an execution only firm: We will provide you with basic information on the available Securities, but the choice of which Security to select is yours. Each type of Security has its own features and is subject to particular risks: investment and risk warnings are available on our website.

A minimum investment balance is required in order to apply for the Service as described in the Smart Portfolios Application Form.

In order to be invested, each recurring investment into your selected Security must meet the minimum amount indicated on our website. We will notify you of any changes to the minimum investment amount by placing details of the changes on our website.

You may fund your Account by bank transfer or, if you have a second Account with us, by Internal Transfer, as long as you provide written instruction to the Bank to make the transfer, and hold a sufficient cleared balance.

On the Trade Date your orders may be aggregated with orders from such other of our customers as we shall in our sole reasonable discretion determine. Your entitlement to aggregated units will be pro-rated based on the value of your investment amount. You may end up with fractions of a unit.

You should ensure that your balance is available on your Account by no later than the Last Funding Date as described on our website. Balances received after this date may not be invested on the next Trade Date.

Any balances deposited into the Account and not in the trading currency of your selected instrument will be converted at our standard FX rates into the currency of your selected instrument several days before the Trade Date, but after the Last Funding Date.

We will carry out investments into customer selected Securities for all customers on or around the Trade Date specified on our website.

You will not be permitted to purchase any other Securities on the Smart Portfolios Account, and website trading will be restricted. Our agents will execute orders on your behalf, in line with the Service description and any information published on our website from time to time. Any unauthorized purchases may result in a sellout of the position, and standard Account trading commissions set out on our website will apply for purchases and sales. If this sale results in a market loss, you will be liable for this loss.

We reserve the right to withdraw or add to the available Securities list at any time. If a Security is withdrawn from the market or otherwise becomes unavailable, we will, on a best endeavors basis, seek to offer you suitable alternatives, or enable you to liquidate or transfer out your position.

You are responsible for deciding if and when you should sell any Securities held in your Account. By default, the Redemption of holdings will be effected on or around the same date as the next Trade Date. Urgent requests will be processed on a best endeavors basis. Charges may apply.

Any currency exchange will be executed using the rates set out on our website.

We will charge a periodic Administration Fee for services, as set out on our website. If you have switched product through the year, you may be charged more than once, pro-rated for the duration that each instrument was held.

Administration Fees may result in your Account entering a debit position. We may, at our sole reasonable discretion, set off any cash on the Account intended for a Purchase, with the outstanding debt. If there is no cash on the Account one month after the Administration Fee is applied, We may sell some of your holdings in order to cover the debt.

You may switch from one Security to another Security. Product Switches will be completed on or around the Trade Date.

Should you choose to close your Account, your position will be redeemed following the current month, on or around the Trade Date. A pro-rated Administration Fee will apply up to the end of the month just ended.

Following a Redemption, We will process your withdrawal request. Withdrawal fees may apply, as set out on our website.

We reserve the right to suspend this product at any time. In such a case you will be notified, in writing by Us one month in advance. Your investments will be maintained, but no further investment in the selected Security will be made, even if a balance is still available on the Account. You may withdraw any surplus balance by contacting Internaxx, in writing.
